

CHOCO GIN DISTILLERIE DU LÉMAN

Schweizer Gin

Inspired by the world of Desserts, Choco Gin is produced in the Distillerie du Léman with cocoa beans, which are roasted in the Chocolaterie de Gruyères. Vanilla, Tonkabohnen and Gruyère-Milk contribute to the softness of this Gin. Wild Juniper berries provide a refreshing touch of bitterness. All ingredients are macerated in Swiss Alcohol, which is made from sugar beets from the Jura region.
