

DOMAINE DES MÛRIERS PERDRIX

BLANCHE 2020

David Burgat | Neuchâtel

La Perdrix Blanche is a white pinot noir grape, now exclusively to be found in the canton of Neuchâtel. Pédris Blanche 2019 is a "natural" wine made from the estate's own organically grown vineyards, followed by a fermentation process using yeasts raised and fed on the estate. This wine contains a very small amount of sulphites.
