

AARVER ORIGINAL

Small Batch Swiss Dry Gin

AARVER Swiss Pine Gin is a pure dry gin. There is no secret or fabricated story behind it. Aarver is distilled with pine as an essential ingredient and infused with herbs and citrus fruits to create a balanced mixture for a contemporary gin. The recipe includes Swiss pine, larch, and fir from the Engadin. Douglas fir, Swiss alpine mint, thyme, and organic forest fruits from Switzerland. Plus, organic juniper, grapefruit, and Amalfi lemon sourced from Italy.

Tasting notes

Taste

Woody notes reminiscent of an alpine forest, spruce and fir needles, perfectly balanced with citrus aromas.

Finish

The finish is aromatic and fresh.
