

SPOON FEUILLE GOLD

Absinthe Spoon

The delicate outline of this spoon is a leaf, but the beauty is in the detail as well as the shape: the elegant form of a wormwood plant, Artemisia Absinthium, is represented as a cutout shape in the center of the spoon. Handle: Flat with a straight fold. Head: Cave, which is rather unusual for absinthe spoons. Length: 175 mm Color: Gold Length: 175 mm
