

LAGINORI SMALL BATCH APERITIVO

Handmade in Zurich

Laginori Aperitivo is a bittersweet and fruity liqueur. Distilled from bitter oranges, figs and local herbs. It is free of artificial colourings and additives, natural and unfiltered. This liqueur gets its golden colour from the maceration of the essential oils of the calamus plant. Laginori Aperitivo is 100% handmade by the employees of the Züriwerk, from the production of the cord and label, labelling, packaging and storing. Serve LaGinori neat or in cocktails.
