

## KNOCKDHU 2006 / 16 YEARS OLD

### Chapter 7 Single Malt Whisky | Monologue 2022

Independent bottler Chapter 7 presents the first bottling of a heavily peated Knockdhu in the Monologue series. This single malt was distilled in 2006, bottled in 2022 & aged in a single Bourbon cask. This cask is an excellent example of peat evolution. Peat is typically dominant in the first 10-12 years of a malt's existence before evolving into rustic notes and fading to the background as it ages.
