

MS. BETTER'S BITTERS MIRACULOUS FOAMER

Vegan Recipe | Egg White Alternative

A vegan alternative to egg whites for cocktails, handcrafted on the West coast of Canada with organic botanical extracts. Each bottle of Ms. Better's Miraculous foamer contains the equivalent of over 100 egg-whites. The best part is that it won't alter the taste of the cocktail because it doesn't smell like eggs and is super easy to use. Step 1: Add a third of a dropper (approx 3ml) to your cocktail and dry shake without ice). Step 2: Add ice, hard shake and strain.
