

## **DAVIDOFF** PRIMEROS DOMINICAN MADURO

### Dominican Republic | Medium

The Davidoff Primeros Dominican Maduro is presented in a 6-cigar pack. It keeps the short handmade format but adds a rounder Maduro sweetness. BLEND: Colour Colorado. 10.5 cm length with a ring gauge 34. The Maduro version keeps the same compact Primeros structure while giving the short format a darker Dominican frame. The six-cigar pack keeps a small, consistent option ready for brief moments at home, after a meal or when a full-size cigar would be too long. PAIRING: Espresso or light rum works well with the darker, creamier profile.
