

## DAVIDOFF PRIMEROS DOMINICAN

### Dominican Republic | Medium

The Davidoff Primeros Dominican is presented in a 6-cigar pack. This is the house style condensed into a short handmade format for a brief, refined pause. BLEND: Colour Colorado. 10.5 cm length with a ring gauge 34. The Dominican Primeros keeps house construction in a compact handmade format for shorter sessions. The six-cigar pack keeps a small, consistent option ready for brief moments at home, after a meal or when a full-size cigar would be too long. PAIRING: Espresso, light rum or Armagnac keep the short format precise and satisfying.
