

## DAVIDOFF PURO DOMINICANO CORONA LARGA

### Dominican Republic | Medium-Full

The Davidoff Puro Dominicano Corona Larga is presented in a 12-cigar pack. This is a 100% Dominican puro in a slim, longer format, giving the blend a precise and focused development. BLEND: Dominican Republic wrapper, binder and filler. 14.9 cm length with a ring gauge 44, about 60 minutes smoking time. The 100% Dominican puro construction gives the line a clear origin story and a more structured Black Band character. The dimensions and smoking time keep the format aligned with the character of the line. PAIRING: Aged rum, Armagnac or malt whisky with polished oak match the warm Dominican structure.
