

CHOCO GIN DISTILLERIE DU LÉMAN

Swiss Gin

Choco Gin is a delightful spirit inspired by the world of desserts, made with cocoa beans meticulously roasted by the experts at Chocolaterie de Gruyères. Additional ingredients like vanilla, Tonka beans, and Gruyère milk contribute to the luxurious mouthfeel. Wild-harvested Juniper berries bring a refreshing touch of bitterness to this gin. All the ingredients are macerated in Swiss alcohol, made from sugar beet cultivated in the picturesque Jura region.
