GIN SUL DRY GIN

Handcrafted in Hamburg

Gin Sul is the Dry Gin from Hamburg with roots in Portugal. Simple, fresh and elegant, handcrafted with fine botanicals carefully distilled in small batches. Juniper berries, coriander, rosemary, peppers, lavender, cinnamon and fresh lemons from Portugal are just some of the ingredients which capture the ‘Saudade’, or soulful longing, in Gin Sul. Gin Sul is presented in white clay bottles made from glazed stoneware, the thick material protects the spirit’s subtle flavours from light and changes in temperature.
