PORTOFINO DRY GIN

Artisanal Gin

An artisanal dry gin crafted from 21 carefully selected botanicals, each chosen for its natural aromatic properties. Gin Portofino is made from lemon, lavender, rosemary, marjoram, sage, iris, and rose, grown in the distillery's botanical garden. Plus, other secret ingredients lend the gin its unique and harmonious taste. All botanicals are individually macerated in 100% Italian grain alcohol, with each ingredient meticulously chosen for its exceptional quality, resulting in a distinctive gin bursting with aromas from the Italian Riviera.

Tasting notes

Aroma

Wild lavender and fresh lemon peel.

Taste

Mild flavour with a smooth juniper note, accompanied by a subtle combination of fresh citrus aromas and fresh floral notes of rose and lavender. Elegant herbal hints of rosemary and marjoram round off the taste.
