

DETTLING CUVÉE SCHWARZE BERGKIRSCH

Black Mountain Cherry Kirsch

Fruity and well balanced. In 1867 Franz-Xaver Dettling, founder of the house Dettling in Brunnen noticed that the black cherries found in central Switzerland produce a highly aromatic brandy. The careful selection of ripe cherries and their skilled distillation method makes Dettling Kirsch one of the leading brands in Switzerland. Dettling Kirsch products are certified by the OU (Orthodox Union)

Tasting notes

Taste

Full bodied, warm and creamy on the palate with a slightly rustic appearance and a long lasting after taste.
