

FLUÈRE SMOKED AGAVE

Non-Alcoholic Distilled Spirit

FLUÈRE Smoked Agave is a non-alcoholic spirit made from real Agave and a touch of hickory wood. This spirit is distilled through hydro steam distillation. The steam gently opens the botanicals and breaks down cell walls to release aromas and flavours at a very low ABV. Each botanical is distilled separately and blended by master blenders in the Netherlands. Enjoy FLUÈRE Smoked Agave as an alternative to Mezcal/Tequila mixed in cocktails.

Tasting notes

Taste

Slightly smoky, followed by notes of honey, Agave and a touch of black pepper.
