SAPINCA ORGANIC FRUIT ELIXIR

Alcohol-Free Concentrate | Shot Base

Sapinca Organic Fruit Elixir is a 60 ml certified-organic concentrate built from twelve Andean and tropical ingredients — a single-shot functional drink that doubles as a cocktail base. Alcohol-free, vegan, no refined sugars, no preservatives. THE BLEND: blue agave for body, lemon and ginger for the citrus-and-warmth lift, guaraná and maca for the energetic register (a South American tradition stretching back centuries), pink pitaya, papaya, camu camu, lúcuma, açaí, banana and cacao for the fruit-and-functional layer, with a touch of Inca pink salt to balance the sweetness. Cold-assembled rather than pasteurised, preserving the active compounds.
SERVING: drink as a 60 ml shot first thing in the morning for the energising functional dose, or stretch into a tall mocktail over sparkling water with lime and a slice of pink grapefruit. As a cocktail base: 30 ml of the elixir + 50 ml mezcal or pisco for an Andean Sour with extra dimension.

Tasting notes

Color
Deep rose-brown tone, naturally cloudy.

Aroma
Grapefruit and fresh ginger, dark berries, creamy lúcuma note.

Taste
Bright citrus-and-ginger opening, dense core of South American fruits — açaí, camu camu, pitaya, papaya — with earthy sweetness from maca and cacao.

Finish
Long, tonic finish with a light saline lift from the Inca pink salt.
SAPINCA A Dutch artisan house that hand-assembles elixirs built on South American fruits and roots — Andean and tropical superfoods organic-certified, vegan, made without refined sugars or preservatives. The flagship Fruit Elixir won gold at the IWSC and at GOURMET 2023, signalling the house's standing in the European functional-beverage space.
