

CARONI 1998 / 24 YEARS OLD

Tortuga No.3 | Single Cask # 2092

For the 3rd release of the Tortuga series, Independent Bottler Precious Liquors offers a fresh take on Caroni Rum by finishing it over two years in rare Mizunara Oak casks from Hokkaido, Japan. This is the first of its kind. Caroni Tortuga No.3 brings together distinct flavours of the Caribbean with those of the Far East, elevating the concept of preservation to a global level. The Tortuga Series celebrates the now-closed Caroni Distillery and collaborates with The Sea Turtle Conservancy, the oldest global conservation group, to combat sea turtle extinction. The Conservancy runs international programs on research, education, advocacy, and habitat protection to preserve sea turtle populations. The Caroni Tortuga Series is more than just a rum. It is an opportunity to raise awareness and enable consumers to support this cause. Each bottle has a QR code to track a school of turtles sponsored by each purchase.
