Tasting notes

Color

Dark

Aroma

Clean with notes of molasses, licorice and candied fruit followed by hints of leather, and coffee.

Taste

On the palate tones and aromas take shape, substance, and persistence with a balsamic and subtly metallic, or rather, mineral-like finish.

Finish

Molasses, liquorice and candied fruits lead us to a finish that offers tobacco, chewing gum and coffee.

Some words from the producer and about the distillery Thanks to our experience we have chosen the appropriate woods and barrels and we have been able to make a plan that will allow us to remain in balance over the years. Keeping our concept of quality, having to wait to grow old, as it was always done for SAMAROLI SPIRITS.
