

BELVEDERE LAKE BARTZEK

Single Estate Series | Rye Vodka

Grassy with fresh aromas. Belvedere's first single-estate rye vodka tells stories of the post-glacial landscape around the Polish lake Bartezek. Made from a rare type of rye called Diamond Dankowskie, grown on the shores of Lake Bartezek in Poland's Masurian Lake District. The Single Estate Rye Series celebrates Belvedere's craftsmanship and expertise in vodka distilling, as well as their ability to create vodkas of a complex character. When tasted side by side, each vodka delivers different taste profiles, illustrating the variation of terroir on the same Dankowskie Diamond rye grown in each unique location.

Tasting notes

Color

Clear

Aroma

Freshly cut rye grain, grass and a hint of almonds.

Taste

Notes of green mint, fresh hay and sweet notes of buttery vanilla cake.

Finish

Crisp, clear finish with hints of menthol, green grass and rye bread.
