BELUGA NOBLE

Premium Vodka

Distilled in Siberia from 100% wheat grain, Beluga Noble is the flagship in the Beluga brand family and the result of the meticulous hard work of the Mariinsk Distillery masters. The refined, rich taste of Beluga Noble Russian Vodka comes from its unique composition, mainly due to the malt spirit and the purest water of the Siberian artesian wells. This helps to smoothen the taste of vodka. These carefully selected natural components pass through a triple filtering system. Afterwards, Beluga Noble is left to «rest» for thirty days. The method helps neutralize the harsh flavours of the spirit and enhances the rich taste and soft flavour of Beluga Russian Noble Vodka. Beluga Vodka is Kosher Certified.
