

LEGACY RYE VODKA

Handcrafted in Poland

Legacy vodka features a blend of rye spirit, malted rye, and osmotic water filtered through activated carbon. This careful process ensures a pure and refined spirit with a distinct character. Ideal for mixology, this vodka's smooth and versatile profile enhances the complexity of cocktails, making it a perfect base for classic and innovative creations. Legacy's subtle flavour provides a refined foundation that complements a wide range of mixers and ingredients. COMPOSITION 90% Column Still Rye Spirit. 10% Pot Still Malted Rye

Tasting notes

Taste

Notes of wholemeal rye bread with a delicate and sweet profile that remains pleasantly on the palate. This harmonious balance of flavours highlights the traditional craftsmanship and premium ingredients used in every bottle.
