

CAPERDONICH 30 YEARS OLD

Unpeated Single Malt Whisky

Caperdonich 30 is the oldest expression in the Caperdonich Secret Speyside Collection. The collection features rare single malts coming from one vanished distillery, one pioneering distillery, one landmark distillery and one remote distillery. This unpeated small-batch release from the now-lost Caperdonich Distillery was aged in American oak barrels and bottled at cask Strength. Limited edition with numbered bottles. Batch CA/003
