

CHICHIBU 7EVEN GODS OF FORTUNE

Edition 3 | Single Malt Japanese Whisky

Chichibu presents the third bottling of the 7EVEN Gods of Fortune. The series pays tribute to the seven Japanese deities of fortune and contains seven annual releases, each featuring a different God. With this series, the Chichibu distillery showcases its dedication to tradition and innovation. This edition honours Benzaiten, the Shinto deity of water, music, art, wisdom, and wealth. This whisky was distilled in 2016, aged in an imperial stout barrel, bottled in 2023 at a cask strength of 62.4% and it comes from a single cask #14161. The label and box, created in collaboration with digital NFT artist WARBB, makes it ideal for art collectors and whisky connoisseurs.
