

MACALLAN SIR PETER BLAKE

Anecdotes of Ages Collection

Part of the Anecdotes of Ages Collection, this single malt marks the third collaboration between The Macallan and Sir Peter Blake. The label, created digitally by the artist, illustrates people and stories connected to the distillery and its Speyside home. Crafted by Lead Whisky Maker Sarah Burgess, the whisky was drawn from carefully selected casks to reflect both tradition and individuality. It is bottled at 47.7%. The bottle is presented in a box featuring Blake's signature style in shades of blue and green. It includes a certificate of authenticity and a folded collage scroll, with tracing paper overlay identifying each character in the artwork.
