

MACALLAN VIBRANT OAK

Harmony Collection IV | Single Malt Whisky 2024

Introducing the fourth release in The Macallan Harmony Collection, Vibrant Oak was created in collaboration with Cirque du Soleil to celebrate The Macallan's 200th anniversary. Inspired by creativity and a deep connection to the natural world, this release highlights the importance of the harmony between the natural world and human experience. It also pays tribute to the sherry-seasoned oak casks, which provide up to 80% of the whisky's flavour and 100% of its natural colour. Each cask takes around six years to craft, and both the box and label are made from oak chippings, a by-product of the cask-making process.
