

MACALLAN A NIGHT ON EARTH

Jerez 2024 Release | Single Malt Whisky

Macallan presents the third release of A Night on Earth, a limited edition series of single malt whiskies celebrating New Year's traditions worldwide. Each year, a different destination is featured, capturing the universal joy of the season. Inspired by Jerez's Nochevieja or New Year's Eve, this edition pays tribute to the region's rich traditions. The packaging, created in collaboration with artist Maria Melero, reflects the sights and spirit of a Spanish New Year's Eve in Jerez. This whisky was matured in a blend of European and American oak casks, offering a distinctive depth and character Macallan is known for.
