WOODFORD RESERVE RYE 2025

Master's Selection | Barrel Srength

The 2025 release is Woodford Reserve's first barrel-strength expression of its pre-Prohibition-style rye whiskey. It is bottled at 62.55% volume, equivalent to 125.1 US proof. BOTTLING: The producer selected an exquisite batch of rye barrels for this higher-strength bottling rather than reducing it to the regular release's 90.4 proof. SUGGESTIONS: Serve neat with water alongside, or pour over one large ice cube. Add water gradually to adjust the strength.
